PROFFESIONAL SUMMARY

Passionate and versatile Software Developer with hands-on experience in UI/UX design, and a growing foundation in AI & Machine Learning, and Nest.js. Skilled in front-end development with React.js and GraphQL, alongside practical knowledge in computer networking, system configuration, and maintenance. Focused on delivering innovative solutions and exceptional user experiences through both creative design and technical excellence.

SKILLS

UI/UX Design – 2 years of experience designing user-friendly interfaces and improving user interaction.

Front-end Development – 2 years of experience with HTML, CSS, JavaScript, React.js, and GraphQL.

AI & Machine Learning – 1 year of experience working with Python to build ML models.

Version Control – 2 years of experience using Git and GitHub for collaborative development.

Backend Development – Practical experience using Nest.js and API development.

Computer Networking – 1 year of hands-on experience in network setup, maintenance, and troubleshooting.

Customer Service & Support – 1 year of experience in resolving technical and non technical issues.

EXPERIENCE

UX DESIGNER / SOFTWARE DEVELOPER (Part-time), Hybrid

Ycenter Shambah Solutions, April 2024- June 2025

- Led the UX design and front-end development of a personalized dashboard for farmers.
- Collaborated with the AI team to integrate intelligent features that assist smallholder farmers with agricultural decisions.
- Conducted regular usability testing to refine the user experience and improve engagement.

SOFTWARE ENGINEER (Internship) , Remote

GODAN (Global Open Data for Agriculture and Nutrition), March 2023 - February 2024

- Part of the UI/UX Design team that made High Fidelity wireframes for P4CDA website.
- Part of the AI team that developed machine learning models for fertilizer prediction to promote sustainable farming practices.
- Used Python and JavaScript to implement core functionalities and machine learning workflows.

NETWORK TECHNICIAN , On-site

AIC Polytechnic Naivasha, June 2022- August 2022

- Installed, configured, and maintained network equipment including routers, switches, and access points for different classes within the institution.
- Assisted in setting up internet connectivity and provided troubleshooting support to students and staff.
- Documented technical procedures and ensured stable network performance.

EDUCATION

BACHELOR OF SCIENCE (B.S) IN COMPUTER TECHNOLOGY

Multimedia University of Kenya, September 2021- May 2025

KCSE (Kenya Certificate of Secondary Education)

Naivasha Girls Secondary School, January 2017-April 2021
